

The Incheon Metropolitan City plans to implement a project for the various groups including ordinary citizens and public officials in order to improve their awareness of multiculturalism of the foreign residents. It is to create a society with understanding of multiculturalism and without prejudice. Incheon is going to conduct itinerant education first for the county and ward officials who are promoting foreign residents support policies.

○ It is expected that an atmosphere will be created to admit the cultural diversity and to enable the foreign residents and Incheon citizens to communicate and harmonize with each other through the foreign culture awareness improvement education. Starting with the itinerant education for the county and ward officials, Incheon will expand the program to various groups to contribute to the enhanced understanding and reinforced receptivity of multiculturalism, ultimately being great help in creating a society to live together.

○ In addition, Mayor of Incheon Metropolitan City will have a talk concert with the foreign residents in November when the foreign culture awareness improvement education is finalized. It will be a meaningful time to listen to their various difficulties and to try to find solutions.

Junggu Multicultural Family Support Center is going to conduct a program titled the "Goal in! Dream Expedition" for future plan design of the youth children of multicultural families. It is to help them find their strengths by using the strength test and the multiple intelligence tests and navigate their careers effectively based on the test results. It will be also a time to systematically think about their future through the activities such as expedition ship making and future diary writing. Out of simple looking for the type of jobs or searching for the ways of school choice, the program will focus on helping the youth children decide their career paths by applying their own strengths and on encouraging active exchanges between instructors and children and between children themselves to enhance their self-regard.

Customized Policies for Foreigners and Multicultural Families

Support policies for foreigners and multicultural families living in Incheon will be launched. Incheon Metropolitan Government announced that it would receive administrative suggestions for the foreign residents through the “Foreign Residents Administration Monitoring Group” launched on last March. The number of foreigners living in Incheon is 89,515, the fourth largest in Korea following Gyeonggi-do Province, Seoul, and Gyeongsangnam-do Province. Last year, Incheon City established “Incheon Help Center for Foreigners” (<http://global.incheon.go.kr>) to provide support for the various administrative procedures necessary for the foreigners living in Incheon and one-stop services such as counseling on immigration, legal counseling, life counseling, interpretation, Korean language class and so on. On May 21st, Incheon hosted the “Cultural Festival of World Citizens” for the 10th Together Day at the Waterside Stadium of Sorae Port located in Namdong-gu, Incheon, providing the foreigners and multicultural families with an opportunity to interact with each other.
