

Junggu Multicultural Family Support Center

operates a program named 'Better Home' helping healthy growth of multicultural children and promoting parents-children relationship where parents and children participate together.

At this program, multicultural youth (age 13 - 19) and parents who nurture children, living in Junggu can participate in.

At the lecture, test on parents' strength will be conducted, and many activities using parents' and children's strength, preventing and solving the conflict between children and parents, will be done based on the result.

Through the lecture above, it is expected that it will make the family members feel closer to each other by finding strength and resources of the family and will promote conflict solving skill and lessen a barrier within the relationship by enhancing communication skill.
