강의과목	English Conversation	강의기간	총11주
		강의요일및시간	화 1400-1700
목표및방향	This class is designed to provide learners with opportunities to meaningfully interact in English in a variety of contexts. Various topics will be used to introduce new expressions and vocabulary—with a special focus on developing retelling skills and basic conversation strategies. Students will be exposed to authentic conversational English, provided with stimulating discussion prompts, and receive balanced feedback based on their output.		
교수방법	The general approach will be using classroom interactions to introduce activities in the primary textbook, provide students with ample time to practice various functions and reflect on their learning, and supplement with speaking tasks that focus on developing proficiency in the area of conversation and discussion. Conversation strategies will also be explained, introduced, and practiced throughout the term.
